

STONE[®] Standalone Door Access Controller

Weather proof / IP666 Rated
Model: 8616

CE RoHS Certificate

Key Specifications/Special Features:

- Operating voltage: 12V ± 10%
- Current drain: <01A
- Capacity of Recording: 2000 ID cards
- Operating temperatures: -10 to 50°C
- Operating humidity: 20 to 80%
- Card reading distance: 5 to 15cm
- Operating mode:
 - ID card and digital code
 - ID card or digital code
 - ID card + digital code
- Read card and register card continuously
- Read card to open or close
- Door opening signal output by relay directly (NO/NC optional)
- 2,000 pcs Card Capacity ▶ Read Card and Register Card Continuously, Submit Card No. And Card Code Automatically
- Read Card to Open or Close
- Door Opening Signal Output by Relay Directly (NO/NC Optional)
- 4 Operation Mode: Card, Code, Card and Code, Card+Code
