

STONE® COMMAX CDV-35H – Color Video Intercom

Detailed description

Appearance

Compact dimensions intercom **Commax CDV-35H** let you install it on the wall with limited space for installation. Standard and neat design blends perfectly with almost any design of the apartment, home or office.

Screen

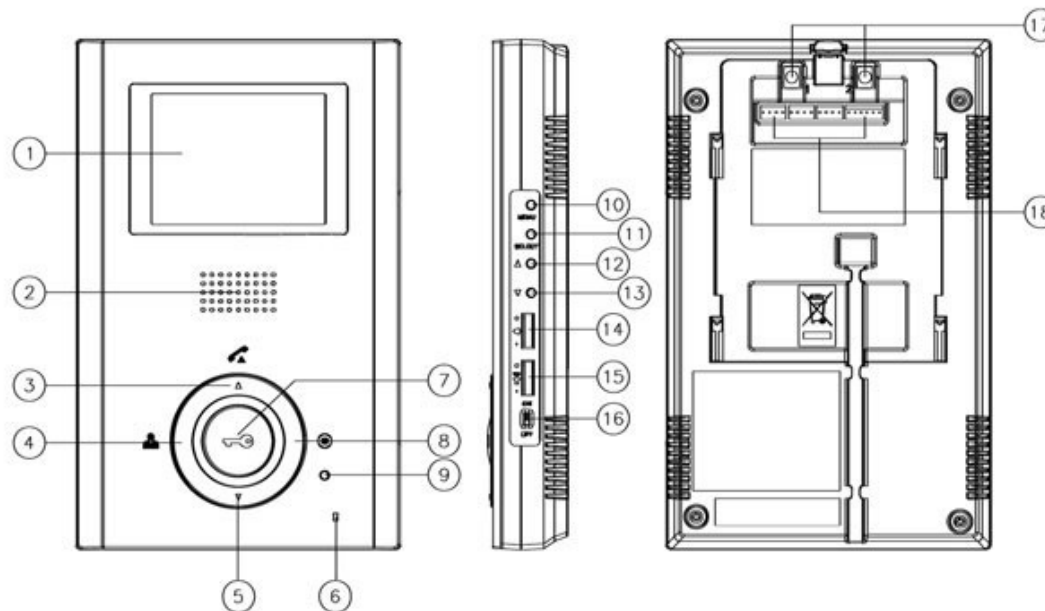

The front of the intercom is a clear **LCD display with** dark gray trim, through the intercom that the display seems bigger than it is. Screen size is **3.5 inches diagonally** - is almost 9 cm. The aspect ratio of 4: 3.

Sound

Under the screen, exactly in the middle, there is a loud speaker. Since communication with the visitor is carried out **on** the speakerphone, engineers have developed a unique technology of AGC, which can transmit quite loud and high-quality speech. And in the lower right corner of the doorphone is sensitive microphone.
