

STONE[®] Miniature Microphone

Some of our customized microphones

Microphone

DC In

Audio out

Model	SE/AU35
Voltage	DC6V~12V(Recommended 8V)
Sensitivity	≥0.15V/Pbar; HA403 Manual Adjustment
Undistorted Output	≥3Vp-p(impedance 1kΩ)
Transmit Distance	400-1000m (DC6V-12V)
Operating Temperature	0°C~40°C
Features	Use with CCTV Surveillance System/Guard against theft and Alarm System. High sensitivity, wide voltage area, consumes less electricity and transmits further, small size and low squelch. Model A is 3 lines type and Model B is 2 lines type.
